

Dear parents/carers

26th July 2023

We hope that you are all in good health and Imaan.

Due to a rise in the cost of living, we have had a significant rise in the cost of purchasing stationery. Therefore, we must ask all parents to send in a contribution of £10.00 for each child on the first day of school for the initial set of exercise books. Each child will still be given a school planner free of charge. A table has been attached for future reference for additional costs throughout the year;

Stationery Requirements
