

15th September 2023

Assalaamu alaikum warahmatullahe wabarakatuh

Dear respected parents/carers,

Re: After school sessions

I pray that you are in the best of health and imaan.

The year 11 students will be having after school sessions for Chemistry, English and Religious Studies, until further notice.

Attendance is **compulsory** as it is vital that we support your daughter in achieving her target grade and improve her chances of admissions to further education.

The sessions will take place on:

| | |
|---------------------------------------|-------------------------|
| Religious Studies | Tuesday 3.15pm-4.15pm |
| Chemistry | Wednesday 3.15pm-4.15pm |
| English | Thursday 3.15-4.15 |
| Art Catch up (selected students only) | Friday 3.15-4.10 |

Mathematics interventions take place during school hours at lunch time. History Interventions will take place during the holidays. Other subject interventions will be introduced in due course as and when they are required.

If you have any further questions or difficulties in attending, please contact the school to reach an agreement with the Headteacher.

We rely on your support and cooperation in helping your daughter reach her full potential.

Kind regards,

Mrs Chughtai
Deputy Head Teacher
